

# Web Technology Assignment

## 1. Home Page

The screenshot shows a personal homepage with a light gray background. At the top, there is a navigation bar with five items: "Home", "About", "CV", "Gallery", and "Contact". The "Home" item is highlighted with a brown background. Below the navigation bar, the main content area starts with the text "Hello, I'm Boris 🤙". A small yellow hand icon is placed next to the word "Boris". Underneath this, there is a short welcome message: "Welcome to my personal homepage! I'm thrilled you stopped by. Here, you'll find a mix of my professional background in my CV, a more casual introduction on my 'About Me' page, a gallery of my passions, and a way to get in touch. Take a look around!". To the right of the text, there is a circular profile picture of a man with dark hair and sunglasses, wearing a dark jacket over a white shirt, standing outdoors in front of a modern building with a glass facade.

- A brief welcome to the person who opened the website

## 2. About Page

Home      About      CV      Gallery      Contact

### About Me

*A regular guy who wants to achieve something in life while also having fun*

#### Who I am

Hey! I'm Boris Dimitrov, a first-year informatics student at IMC Krems. I believe in working hard but also enjoying the journey along the way. When I'm not buried in code or studying for exams, you'll probably find me at the gym, at a concert, or planning my next adventure.

**Music Taste**  
Heavy metal enthusiast – the heavier, the better!  
Since I was very little my father has been constantly influencing my music-taste. Half of what we were listening in the car was heavy metal. Needless to say he took me with him on concerts and I started enjoying this type of genre. Still I enjoy all kinds of music and I like almost everything. Metal may be my favourite, but music overall has always been special for me.

- This page is an introduction to who I am and what brings me joy in life

## 3. CV

Home      About      CV      Gallery      Contact

### Boris Dimitrov

---

#### About Me

I am a first year university student at IMC Krems. My major is Informatics and my current goal is to find my strengths in this area so I can see what is the best career plan for me.

---

#### Work Experience

**Sciant**  
I have little to no experience in the area, although I have participated in an internship in a company named Sciant. In the internship my task was to build a functional app that keeps basic employee information.

---

#### Education

**Secondary Education**  
32. Secondary school with the study of foreign languages "Saint Clement of Ohrid"  
**Primary Education**  
Weda Schule Primary school with the study of the German language

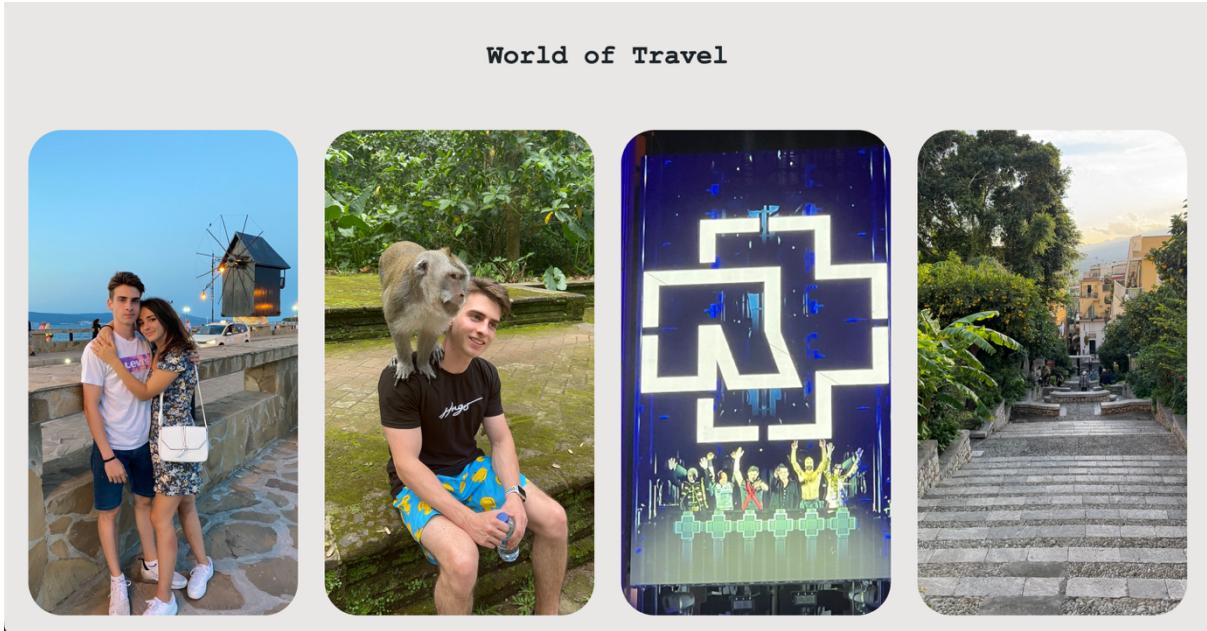

---

#### Skills

• Languages – English(C1), German(B1), Russian(A2)

- In the CV page you can see some of my more formal information, just like in a regular CV

## 4. Gallery

- The Gallery page is about one of my hobbies- Travelling. In this page I have ordered some images of me and the places I have been.
